## EXPERIENCE

### Hardman Group

Art Director & Web Programmer, July 2008 – Present

Sole designer in charge of all print and interactive projects from start to finish. Projects include a wide variety of mediums including, e-mail campaigns, web banners, website design and programming, brochures, advertisements and other print collateral. Clients include GOJO Industries, Edgepark Medical, SkyBitz, and TMW Systems.

### Stuck Vinyl Graphics

Designer, May 2010 – Present

We design and produce funky vinyl stickers for the world—in our spare time. All business is currently done through word of mouth and facebook. One day I will create the website.

### Daily Kent Stater Composition Department

Shift Supervisor & Graphic Designer, January 2005 – August 2007

Supervised student design team while designing display ads, logos and other printed material for a deadline-driven newspaper.

### Kent State Student Media

Print Designer, Web Designer & Programmer, Spring 2007

Worked with student journalists and editors to create a print and web edition of a special-interest magazine, Uhuru.
